

CONNECTING BUSINESSES AND PARTNERS WITH INTEGRITY

Dear esteemed business partners,

Malaysia Airports is committed to always ensure a high level of integrity is exercised to form productive relationships with our business partners transparently and corruption-free.

Many initiatives such as the code of ethics and conduct, whistleblowing policy, asset declaration, gift policy, conflict of interest declaration, vendor integrity pact and vendor code of ethics were put in place to ensure that we can live up to our aspirations. We have also obtained the ISO 37001:2016 for the Anti-Bribery Management Systems certification in our procurement processes to further encourage a corruption-free environment.

Malaysia Airports will also be adopting the amended Malaysian Anti-Corruption Commission Act 2009 on offence by commercial organisation under Section 17A or commonly known as corporate liability effective 1 June 2020. As such, I would like to call upon all our business partners to take an active role in building a transparent environment that is free from corruption and encourage better corporate governance and legal compliance.

We are also collaborating with Malaysian Anti-Corruption Commission (MACC) in detecting and investigating corruption activities such as receiving or giving bribes, which can be subterfuge in various forms such as donations, sponsorships, giving and receiving gifts, hospitalities, and facilitation payments.

As we move forward together, I believe we can build successful and fruitful collaborations that are anchored with a strong foundation of integrity and be a shining beacon for all other collaborations to revered upon.

On that note, thank you for your continuous support and for observing and adhering to our integrity initiatives.

Thank you,

Together, WE can!

Dato' Mohd Shukrie Mohd Salleh
Group CEO
